

Building agricultural capacity in post-conflict countries:

Case studies from South Sudan
and Sub-Saharan Africa

Tom Hammett

Day Two - 21 August, 2013

innovATE

Innovation for Agricultural Training and Education

Agenda:

1. Report back on Work session 1
2. Presentations
3. Work session 2

Objectives for this workshop:

Primary objectives:

1. By examining case studies we will develop written summaries of approaches and identify good practices taken to rebuild agricultural higher education capacity in several post-conflict countries in Africa;
2. Document workshop dialogue on approaches to agricultural capacity building in African post-conflict countries; and
3. Produce guidelines on post-conflict agricultural capacity building authored by the participants of the workshop.

Workshop results include:

1. Develop priorities for agricultural capacity building in the region
2. Develop innovATE network of AET higher education professionals in the region
3. Organize group of resource persons to serve at the innovATE organized AET symposium in September 2013
4. Provide direction for research and good practice work

Working Group First Session Summary:

- List of challenges to AET capacity that are unique among the countries represented in your group
- List of successful strategies learned from country/case study
- What are the priorities for South Sudan?

Working Group Second Session Summary:

Report back to general group:

- list of expectations;
- strategies for getting private sector involved; and
- interactions with other levels of AET (primary, secondary, work force, etc.)

Working Group Third Session Summary:

Report back to general group:

- Define a researchable topic to study supported by innovATE;
- How would you organize a team to conduct this research; and
- Suggest services to be provided by the AET community of practice

Anticipated workshop outputs:

- Synthesize input to make a presentation at the innovATE organized AET Symposium in September 2013 (and who will present?)
- Produce the final written report that synthesizes the results of the workshop
- Distribute the results of this workshop

Organized in collaboration with:
